Mohamed Hosni Selmi

Junior Developer

github.com/HosniSelmi
linkedin.com/in/hosni-selmi-943427223

Seeking a challenging and rewarding career as a junior developer where I can contribute my knowledge and skills for growth and development of the organization. I am committed to make a change in my career and I will do anything to achieve my objective. I believe everyone deserves a chance to improve his life. I might not have the right number of experience but what I have is sincerity, dedication and passion to work hard. So I will make sure I will leave no stones unturned to satisfy my superiors and get the job done.
